WHAT ARE PEOPLE SAYING?

“Versailles Tour”

We thoroughly enjoyed our tour of the Versailles palace and gardens with our guide Josephine! She was engaging and knowledgeable, giving us a perfect mix of history and humor. It was incredible to skip the very long lines and enter directly back through time into the doors of the palace! Josephine also added recommendations for additional sites to visit on the expansive grounds, with time estimates, which was very helpful. I would definitely recommend The Paris Guy!

“Perfect Louvre Tour for Me”

This tour was perfect for me. I wanted to see the highlights with explanations and then do a little exploring on my own. Our tour guy had saved a spot at the very front of the group entrance line and explained that we were going to make a bee line to the Mona Lisa so we could see it before the crowds. True to her word we were at the Mona Lisa by 9:05 am, the Louvre opens at 9:00 am and we were there looking at Mona even before the security people arrived! From there we hit the high spots with great explanations and insights. The listening devices worked really well so it was very easy to hear.
